

BROWER'S

Ready for the Spring House Furnisher

Yes, ready with the most up-to-date showing of tasteful House Furnishings in every department that we have yet displayed.

Toona Mahogany, Circassian Walnut and Early English are a few of the new woods and finishes that we show in Furniture.

Excellent patterns and colorings characterize the Carpet Wall Hangings and Draperies that are here.

We have gained an enviable reputation for the beauty and artistic merit of the Water Colors, Fac-Similes and Browns that are shown at all times in our Art Department. A excellent picture requires a frame in keeping. It is a matter of pride with us that no framed-work leaves our house that is not perfect in every respect.

The Better Way

The tissues of the throat are inflamed and irritated; you cough, and there is more irritation—more coughing. You take cough mixture and it eases the irritation—for a while. You take

SCOTT'S EMULSION

and it cures the cold. That's what is necessary. It soothes the throat because it reduces the irritation; cures the cold because it drives out the inflammation; aids up the weakened tissues because it nourishes them back to their natural strength. That's why Scott's Emulsion deals with sore throat, a cough, a cold, or bronchitis.

WOULD QUIT CHURCH AT 90

Aged Trustee Asks That Successor Be Appointed to Position Held Long Time.

Indianapolis, Ind.—Whether a man is too old to serve as trustee of a church after he passes his ninetieth milestone is a question which Judge Henry Clay Allen of Marion circuit court will be asked to decide in a few days.

Attorney Merrill Moore, on behalf of John L. Avery, filed a petition in the circuit court for the appointment of a new board of trustees for the Second Christian church. The petition states that in 1884 the members of the Central Christian church formed a mission organization known as the Second Christian church. A board of trustees consisting of John L. Avery and George W. Snider, white, and Leroy Reid, colored, was appointed to have charge of the church affairs, and all church property was deeded to it in trust.

Years ago Snider and Reid died and for the last decade Avery has been the sole trustee of the congregation. Last September he celebrated his ninetieth birthday, and he thinks that he is too old to perform the duties of church trustee any longer. This is the reason he gives in the application for appointment of a new board. Church trustees generally are elected by congregations, but in the case of this organization, the original grantors to the church stipulated that new trustees were to be appointed by the presiding judge of the circuit court.

CHIEF'S GIFT TO CHURCH.

President Roosevelt's Bible to Be Received When Restored Edition Is Consecrated in 1907.

New York.—Rev. W. A. R. Goodwin, rector of Bruton Parish church, Williamsburg, Va., states that the Bible given by King Edward and the lectern to be presented by President Roosevelt will be formally received when the restored church is consecrated during the general convention of 1907. Mr. Goodwin said that the Bible was given by the king upon suggestion of the archbishop of Canterbury in commemoration of the three hundredth anniversary of the establishment of English civilization and the English church at Jamestown, Va. The lectern, given by the president in response to a suggestion made by Bishop Satterlee, of Washington, and H. St. George Tucker, is to be a memorial to Rev. Robt. Hunt, chaplain to the colony which landed at Jamestown May 12, 1607.

These gifts are made to Bruton as the official successor in 1639 to the church at Jamestown and prior to the revolution the court church of colonial Virginia, which is now being restored to its colonial form and appearance.

The Richest Schoolma'am.

Miss Elizabeth Farnon, whose private income is said to be \$40 a day, and whose brother is the banker, John Farnon, is a Chicago school-teacher at a salary of \$40 a week. She has been teaching Chicago children for almost 30 years, and keeps on doing so simply because she loves the work and sees in it a chance to mould for good the future citizens of the big town. She says that if she had a million dollars a year she still would be a teacher. At present she is principal of a school attended by 1,600 pupils.

Human Blood Marks.

A tale of horror was told by marks of human blood in the house of J. W. Williams, a well known merchant of B. C. Ky. He writes: "Twenty years ago I had severe hemorrhages of the lungs, and was near death when I began taking Dr. King's New Discovery. It completely cured me and I have remained well ever since." It cures Hemorrhages, Chronic Coughs, Settled Colds and Bronchitis, and is the only known cure for Weak Lungs. Every bottle guaranteed by Stockton & Hagan Druggists. 50c and \$1.00. GIVES DRUG BANQUET

NEW YORK CHEMIST FEASTS HIS FRIENDS ON CHEMICALS.

Every Course of Elaborate Dinner Is Prepared in Order from Test Tubes—No "Pure" Food on the Menu.

New York.—Prof. Thomas D. Stillman, head of the chemical laboratory of the Stevens Institute and a member of the Chemical society, of Paris, recently gave to two of his friends what he called a "synthetic dinner." His guests called it a "chemical lunch."

The two guests were seated all right and proper at a table in a private dining-room of the Astor. The host was seated part of the time, mostly he was hopping back and forth from a chemical laboratory which he had set up in the serving room and in which he cooked his part of the dinner in beakers and test tubes before every course.

The menu, written in French, was an explanatory note, gave the chemical formulae, long as the moral law, for everything.

The best thing that Prof. Stillman did, and the one of which he seemed most proud, was the biscuits which accompanied the soup. These looked and tasted like ordinary biscuits which you see advertised in a street car, and they in a box. As a matter of fact, they were made out of things you buy in a drug store, and not a grain of flour entered into their composition. They were made of chemical starch, extracted originally from potatoes, cream of tartar, saccharine, a chemical sweetener, bi-carbonate of soda, and artificial milk, a fluid containing all the ingredients of real milk, but which never saw a cow.

The butterine which went with the biscuits looked like the genuine yellow product of the cow and the dairy maid. Prof. Stillman held up a jar of it before the biscuits came to the table, and explained that it would have to be kept out of the sun or it would fade white. It was compounded of "oleo" oil, a certain refined lard, artificial milk and "carrotine," a yellow coloring distilled from carrots. And so on down the line.

The banana sherbet was complicated. Prof. Stillman admitted that he had some trouble with that. There were eight ingredients, including five kinds of starch, all blended to produce the

WILL BE 40 STORIES HIGH

New York to Have Tallest Building on Earth—To Be 595 Feet Above Ground.

New York.—The Singer Manufacturing company filed plans for a structure which will be higher than all existing skyscrapers by from 200 to 300 feet, and be about 40 feet higher than Washington monument.

In connection with the improvement of the property, which it already owns, adjoining its present building, at the northwest corner of Broadway and Liberty street, the company will erect over the central part of the enlarged structure a tower of 40 stories, which will rise to the height of 595 feet 10 2/3 inches. The tower will be 65 feet square for 35 stories, and will be surmounted by a dome containing four additional stories, above which will be a cupola, and if that isn't high enough, a flagstaff.

With the exception of the Eiffel tower, the Singer building will be the tallest structure in the world. It will be nearly 60 feet higher than the Philadelphia city hall, more than 200 feet higher than the Park Row building, and over 100 feet higher than any of the famous spires of Europe, with the exception of those of Cologne cathedral, which rise 512 feet above ground.

Nervous School Children.

Statistics gathered by various School Boards, show that a large percentage of school children suffer from different forms of nervousness, mild or exaggerated. Some showed a tendency to melancholy, others mental depression, and many the nervous twitches of mild chorea, or St. Vitus' dance. Most of these troubles are a overcome by proper food, sufficient sleep, and Dr. Caldwell's (Saxilive) Syrup Pepsin. It is a universal children's medicine, because, if good food is eaten, it insures that the food is properly digested and indigestion and nerve poisons properly thrown out. It is pleasant to take and safe and sure in results. Try it. Sold by Perry & Thomas at 50c and \$1.00. Money back if it fails.

Life is never a burden to the woman who carries it as well.

Miserable Conditions.

Of body and mind, always result from a torpid liver, which leads to bile poisons being absorbed into the blood, and poisoning all the nerves and tissues. This, a fearful state, some of the symptoms of which are headache, bitter taste, nausea, loss of appetite, yellow complexion, constipation, etc., can be quickly cured by taking Dr. Caldwell's (Saxilive) Syrup Pepsin. It relieves the strain on your liver, releases the tight-end bowels, purifies the blood, strengthens the stomach, and makes it as clean as a whistle. The result is perfect health, and freedom from pain and discomfort. Try it. Sold by Perry & Thomas at 50c and \$1.00. Money back if it fails.
